

## ENERGY EFFICIENCY AND CONSERVATION GRANT PROGRAM

### ABOUT THE DDA

Voters established the Downtown Development Authority (DDA) in November 2006 to provide programs and financial incentives to encourage Downtown development. DDA is governed by a board of 11 people appointed by Colorado Springs City Council. Downtown Partnership executes the work of the DDA as a contracted affiliate. In 2016, City Council adopted the Experience Downtown Plan as the updated plan of development for DDA. The DDA is funded in two ways: first, by a 5-mill tax levy within the district to support its operations, and second, through Tax Increment Financing (TIF). The latter tax is the capture of increased property tax revenues following a baseline assessment. TIF revenues go into a special fund and as it grows, the funds can be leveraged for support of Downtown projects. The DDA's TIF will expire in 2037. The DDA board meets monthly on the second Tuesday of each month.

### MISION OF THE DDA

To build public and private investment partnerships that promote the physical and economic growth of Downtown Colorado Springs.

### PLAN OF DEVELOPMENT

The Experience Downtown Plan Volume 1 serves as the plan of development for DDA. The plan was created in 2016 as an update to the original Imagine Downtown Plan, which governed the DDA from 2007 through the newest plan's adoption in 2016. The Experience Downtown Plan consists of eight primary goals and 36 aligning action steps. The plan can be found at: [downtowncs.com/dda/](http://downtowncs.com/dda/).

### DISTRICT BOUNDARIES

The DDA encompasses roughly two square miles of downtown. For a map, click [here](#).

### ABOUT ENERGY EFFICIENCY AND CONSERVATION GRANTS

Energy Efficiency and Conservation Grants are designed to supplement or match funds for renovation or new-construction elements that enhance energy efficiency of buildings. Grants are provided on a reimbursement basis after project completion. The grant enables applicants to improve energy efficiency primarily through long-term/permanent improvements to properties such as energy-efficient doors and windows, solar panels, LED lighting and "smart" electrical panels and lighting. These enhancements stimulate economic vitality within the DDA and help the DDA to achieve Goal 6 in its Plan of Development: A Leader in Innovative Urban Design and Sustainability.

### APPLICATION ELIGIBILITY

- Applicants must be owners or tenants doing business within the boundary of the DDA.
- Tenants must apply jointly with property owners.
- Properties must demonstrate as current on all city, county and state property and income taxes.
- Projects must have a usable life of at least 10 years.
- Project work must be launched within six months of the date the grant is awarded and completed within one year.
- Projects with a higher ratio of owner or tenant direct investment will be given greater consideration.
- Grants will not be awarded for work completed prior to the grant application date.

- Grants will not be awarded for project elements considered to be “deferred maintenance.”
- All work must comply with applicable laws, ordinances, building codes and zoning ordinances.
- Applicants must have a track record of successful operations within the DDA district, or, for new businesses, an articulated business plan.
- Grantees must agree to provide a final report and receipts upon project completion.

#### **ELIGIBLE AND INELIGIBLE COSTS**

- Eligible costs could include:
  - Materials, labor and installation of energy-efficient doors or windows.
  - Materials, labor and installation of solar panels.
  - LED lighting elements.
  - “Smart” electrical panels or other systems designed to lessen use of electricity.
  - Energy efficient commercial industrial waste compactors.
  - Water conservation and reduced-use mechanisms.
  - Energy efficient walk-in freezers.
- Ineligible costs include but are not limited to:
  - Expenses incurred prior to application date.
  - Building permit fees.
  - Maintenance items.
  - Interior or exterior furnishings or elements not integrated as permanent parts of the building/property (eg, recycling bins, etc.).

#### **PROJECT PRIORITIES**

The application process is competitive, and only those projects demonstrating a strong improvement of property will be selected for funding. The strongest applications will demonstrate a high ratio of private to public dollars, as well as improving a property in the long term. Competitive applicants must demonstrate how the project meets the Goal 6 of the Experience Downtown plan.

#### **GRANT STRUCTURE**

- In most instances, maximum grants will be \$10,000, but DDA board retains the rights to consider larger grants for significant projects.

#### **GRANT PAYMENTS**

- Grantees must sign a Grant Agreement within 30 days of receipt.
- Payments are awarded to recipients as reimbursements to completed and inspected work.
- All work must be in compliance with the aforementioned requirements and original receipts for work performed must be provided in order to receive reimbursement.
- Grant awards are competitive and based on market demand and conditions.

#### **TO APPLY**

- Interested applicants are highly encouraged to first call the Downtown Partnership staff to discuss the project, its eligibility and its competitiveness.
- Applications must be received and confirmed by Downtown Partnership staff prior to the start of any work reflected in the grant request in order to receive reimbursement.
- Applications must be received by the third Tuesday of the month. Every attempt will be made to schedule board review of grant requests within eight weeks of submittal.
- Submit one complete copy of the application plus attachments to the Downtown Partnership. Notification on your grant status will be provided within 90 days.

**Downtown Development Authority of Colorado Springs  
Energy Efficiency and Conservation Grant Application**

**Summary sheet**

- Application date
- Business name
- Property address
- Business owner
- Business owner address
- Business owner phone
- Business owner email
- Property owner
- Property owner address
- Property owner phone
- Property owner email
- Is this an existing or new business?
- Is the business expanding? If so, state amount of square footage to be added.
- If the business is relocating, when was the business established? What is the current address?
- Current number of PT and FT jobs the business provides
- Estimated number of new PT and FT jobs created through this project
- Estimated start date of project
- Estimated completion date of project
- Total project budget
- Amount requested
- Amount requested reflected as a percentage of total costs

**Supplemental application information**

- A narrative of no more than two pages describing in detail the energy efficient elements of this project.
- Renderings, catalog specs or other visual depictions of the improvements.
- Photos of the existing property.
- A thorough project budget.
- If the applicant is a new business owner, please include a copy of your company's business plan.

**All decisions concerning aspects of the grant application process, including eligibility, are within the sole discretion of the Downtown Development Authority board.**

**Submit grant application and supporting documents electronically to:**
